WELCOME TO THE NEXT LEVEL

VISIONARY

DESIGN

BRUTE

STRENGTH

### *PRO PERFORMANCE*

It's power when and where you crave it most. It's suspension that redefines control and travel through unrelenting terrain, handling with instant response and flat-out stability that's unprecedented.

### *VISIONARY DESIGN*

It leads with a visual punch. A menacing stance and distinctive cut signal the unmatched performance and technology within, providing a driver-centric execution of absolute off-road dominance.

### *BRUTE STRENGTH*

Designed to absorb punishment in the world's most unforgiving playgrounds. Featuring the strongest chassis we've ever designed, with stouter drivetrain, cooler clutching and capability that breaks all barriers.

*PRO*

# *PERFORMANCE*

*POWER AND PERFORMANCE WITHOUT COMPROMISE*

*NEXT-LEVEL SUSPENSION AND VEHICLE DYNAMICS*

*UNMATCHED CONFIDENCE, COMFORT, AND CONTROL*

# 181

HORSEPOWER

RZR has more wins and more championships than any other, and this winning pedigree has been infused into the new 181-horsepower engine. Delivering complete off-road dominance with mind-bending acceleration, it offers robust performance that doesn't waver.

*POWER THAT NEVER BLINKS*

36.8cm

GROUND  
CLEARANCE

The quickest way between two points is a straight line. With 36.8 centimeters of ground clearance and aggressively steep approach and descent angles, the PRO XP catapults you over violent terrain.

# SUSPENSION BEYOND BELIEF

The science of suspension is more than just vertical centimeters—it's where complex geometry featuring high-clearance components, quicker-reacting dual-rate springs and thousands of kilometers driven over unthinkable terrain come together for the most usable travel in the industry.

55.9cm

USABLE SUSPENSION  
TRAVEL

## DYNAMIX 2.0

ACTIVE SUSPENSION

### SMARTER AND MORE SAVAGE

Control in challenging high-speed, big-bump terrain is instantaneous with our next-generation DYNAMIX 2.0. With automatic, on-the-fly adjustments, steering wheel controls and improved FOX® 2.5 Podium Live Valve Shocks, you can rail corners flatter, dominate big whoops, charge into braking bumps and ride in greater comfort.

Faster processing for near intuitive control over system inputs

Improved control during rapid deceleration in braking bumps

New shock calibrations for big whoop-leveling performance and flatter cornering

All-new DYNAMIX steering wheel mode selection with "X" button that instantly adjusts all shocks to full-firm in order to manage unexpected situations

## CONTROL FREAK

### THROW IT A CURVE

Beyond increased straight-line stability and tighter turns, the stretched wheelbase, higher rear roll center and compact turning radius come together to create our most agile full-size vehicle.

243.8<sub>cm</sub>

LONG WHEELBASE FOR  
SUPERIOR STABILITY

5<sub>cm</sub>

HIGHER REAR ROLL  
CENTER FOR QUICKER  
WEIGHT TRANSFER

5.5<sub>m</sub>

TURNING RADIUS FOR  
INSTANT RESPONSE

### *COOLER MEANS QUICKER*

Staying cool under pressure allows the new engine to deliver maximum performance corner after corner and kilometer after kilometer. A new larger, liquid-cooled turbo enables it to build more boost, more quickly. And new vented heads with a self-purge design unlock trapped air for quick recovery, enabling maximum acceleration in even the most demanding situations.

**VISIONARY**

# **DESIGN**

**BOLD LOOK WITH PREMIUM FINISHES**

**RACE-INSPIRED TO BE DRIVER-CENTRIC**

**INTELLIGENT TECHNOLOGY INTEGRATION**

## *THE SHAPE OF A NEW BREED*

### *LOOKS AREN'T DECEIVING*

Ominous in stature and succinct in purpose, the all-new look of RZR PRO XP commands attention. Refined with new components for superior fit, it's brilliant with the most premium finishes, distinct with menacing high-performance LED lighting and intelligent with expanded integrated storage.

## DESIGNED TO BE DRIVEN

10.2cm

WIDER AT SHOULDERS FOR  
IDEAL STEERING CONTROL

15.2cm

LONGER LEG ROOM FOR  
OPTIMUM PEDAL REACH

6.4cm

LOWER SEATING POSITION  
FOR ENHANCED COMFORT

## *BECOME ONE WITH THE MACHINE*

You don't just drive the new RZR PRO XP, you become part of it. The driver-centric cockpit design sits you lower in the chassis, while the industry's first telescopic and tilt-adjusting flat-bottom steering wheel extends out with ergonomic perfection for ideal control.

## *SUPPORTED & SECURED*

All-new four-way adjustable seats further enhance the performance-first, optimal-control ergonomics while a factory-installed 6-point retractable harness for both driver and passenger keeps you secure throughout brutal terrain.

## *ROCK MEETS ROLL*

All-new factory-integrated Rockford Fosgate® Premium Audio system delivers stunning sound through component speakers, including a low-frequency subwoofer, all easily managed from integrated steering wheel controls.

BRUTE STRENGTH

# THE STRONGEST RZR EVER BUILT

*MORE AIR,  
MORE BELT LIFE*

An all-new clutch design features an open-cut system that brings far greater air flow to internal components and sheaves. This, combined with a faster-spinning driven clutch for even more air flow, results in greater cooling, twice the belt life and instantaneous acceleration with every punch of the accelerator.

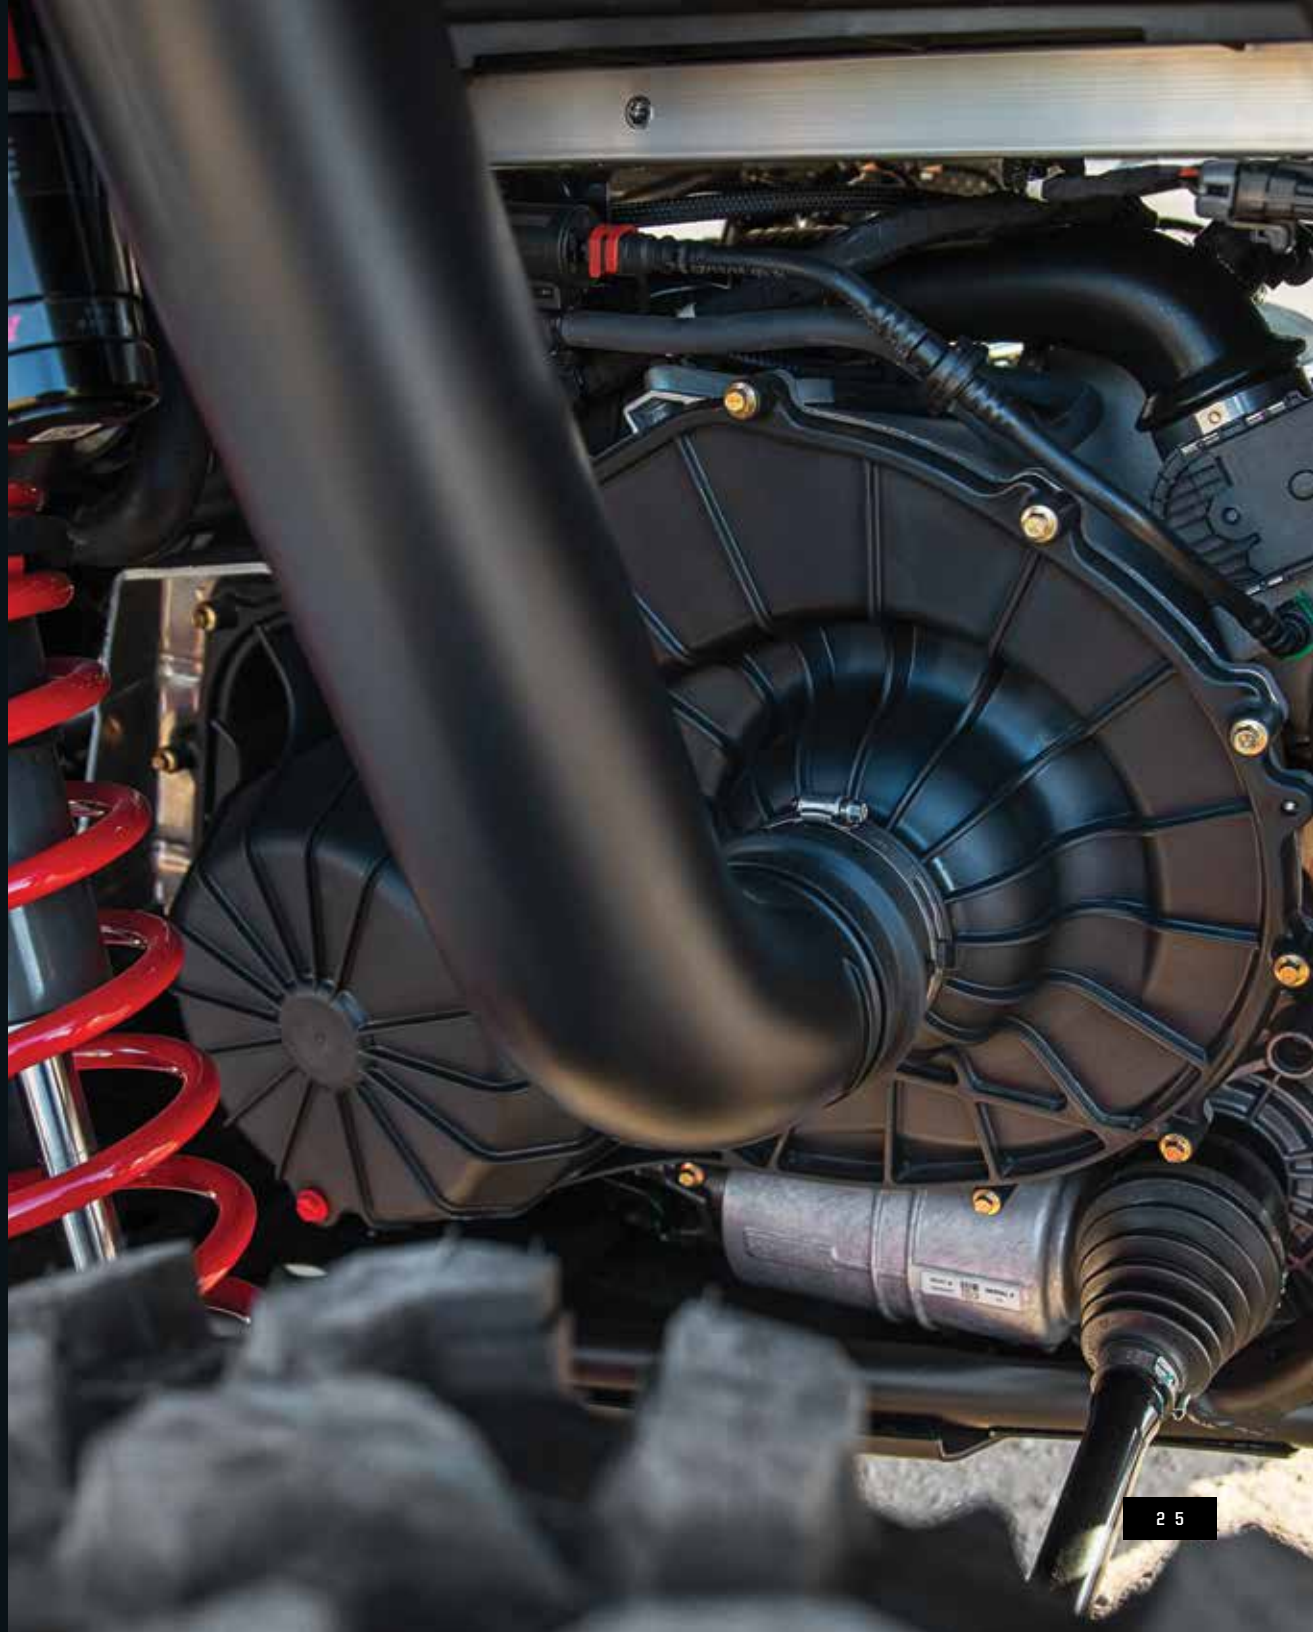

2X  
LONGER BELT LIFE

Exposed spider design allows for improved air flow to all four sheaves

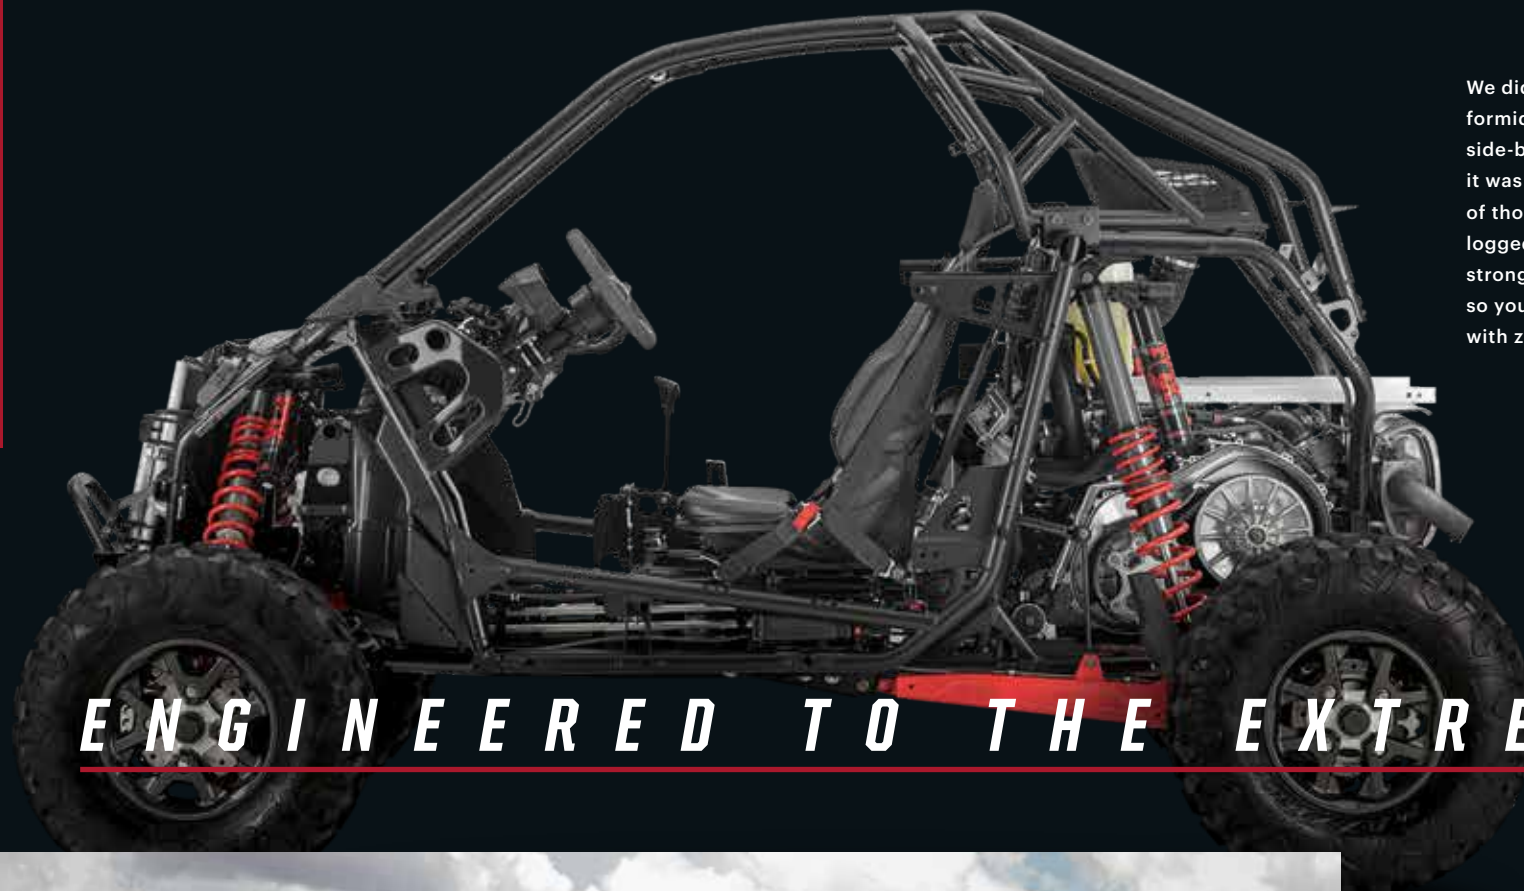

Faster-driven rotation draws more air for increased and more efficient flow

Improved primary tower design reduces wear and extends clutch life

Higher clutch enclosure intakes provide cleaner air for reduced wear

We didn't just build the most formidable-looking performance side-by-side ever—we made sure it was the toughest too. With tens of thousands of test kilometers logged, the new RZR PRO XP is stronger where it matters most, so you can run hammer down with zero reservations.

## ENGINEERED TO THE EXTREME
